Situation Report

Severe Storms

August 1, 2006 Daily Summary

UPDATED INFORMATION IS IN BOLD

SUMMARY

Authorities continue to respond to a wide variety of problems in the wake of two storms that struck the St Louis metro area last week. On Wednesday, intense heat returned to the area, with the weather service reporting an afternoon high of 98, and heat indices well above 100.

Officials in St Louis City reported three additional heat-related deaths on Wednesday. Also on Wednesday, a volunteer was killed when he fell out of a tree while trimming branches in University City in St Louis County. Ameren officials report that as of 3pm, about 3,400 customers in Missouri are without power. Ameren believes that this number is actually lower and auditing the paperwork to give a better number. 4000 personnel are involved in restoration efforts. AMEREN anticipates full restoration to occur prior to 10:00pm today. They also anticipate that they will be able to close their Storm Center tonight. They will continue the 7/24 hour Call line, Dispatch and First Responder Operation. They will Demobilize staging areas beginning tomorrow.

A Federal disaster declaration was received on July 21, 2006, (FEMA-3267-EM), for City of St. Louis, and the counties of St. Louis, Dent, Iron, Jefferson, St. Charles, and Washington. FEMA is authorized to provide debris removal and emergency protective measures, (Categories A and B), under the Public Assistance program, at 75 percent Federal funding. On Tuesday, SEMA conducted Public Assistance Applicant Briefings (for Governmental entities) for St. Louis City and St. Louis County. Additional briefings will be scheduled for other affected areas in the coming days.

The Dept. of Social Services has clarified information regarding replacement of food for households who are currently on the food stamp program. Citizens that are currently receiving food stamps, who lost food purchased with the food stamps, are eligible for a replacement equal to the amount that they lost. Clients need to complete a one-page form at a Family Services office, and benefits will be replaced on the person's electronic benefit card as soon as possible. Contrary to some incorrect reports, the food stamp program does NOT issue "vouchers" for food. DSS experienced light to moderate "services to the public" traffic today.

Joint FEMA-SEMA Preliminary Damage Assessments for Public Assistance (PA) were completed on Thursday in Iron and Washington Counties, and continue in St Charles, St Francois, St Louis Counties as well as St Louis City. Public Assistance programs provide assistance to state and local governments, and qualifying private, non-profit agencies to offset emergency related costs. Preliminary Damage Assessments for Individual Assistance (IA) began today in St Louis and Washington Counties, as well as St Louis City. IA programs provide assistance for individuals and business-owners that suffered losses because of the disaster.

Fatalities

Location	Fatalities	Notes
Jefferson County	1	Heat- related; reported by DHSS
St Louis County	5	1 volunteer fell out of tree trimming branches 1 Ameren worker electrocuted;

		1 construction worker killed by wind-driven debris, 2 heat-related deaths
St Louis City	4	Heat-related; reported by City & DHSS
STATE TOTAL	10	

Joint FEMA/SEMA Preliminary Damage Assessments

County	Destroyed	Damaged	Notes
Dent County	N/A	N/A	Damage Assessment not required at this time
Iron County	N/A	N/A	Damage Assessment not required at this time
St. Louis City	0	45	9 Businesses damaged (1 Major – 8 Minor
St. Charles Co & St. Charles City	To Be Completed	To Be Completed	Joint FEMA/SEMA damage assessment requested

City of St. Louis

Health officials continue to monitor illnesses that could be linked to eating spoiled food. City crews have removed an estimated 70,000 tons of debris through Monday. City crews are continuing debris removal activities. Operation “Weather Survival” is on-going. Public Safety Director Mr. Simon thanked SEMA and staff for all their support.

St. Louis County

The county has discontinued its shelter operations, although officials are maintaining capabilities to open up facilities should the need arise as it gets warmer throughout the week. 28 cooling stations are operational today. 9 dumpsters have been set up around the county to collect spoiled food. 3 sites are being set up for residents to drop off debris.

MoNG units are delivering approximately 1,000 food parcels per day in several county locations. MRE’s are still available at several distribution sites. Eight cooling centers are operational in the county. All power has been restored in county areas, with two minor outages occurring in the last two days, which have been restored by AmerenUE crews. Debris removal continues, with the county signing a contract for debris removal, and the contractor has started work today.

Washington County

Americorp has a team in place to assist with recovery efforts and debris removal projects. They are also setting up an information hotline for residents to call with recovery questions. Mayor of Potosi asked for DNR to contact and assist in a controlled burn request. Mayor of Potosi reports crews continuing work on debris removal.

State Actions

Governor Blunt announced on Thursday that his request to the U.S. Department of Agriculture (USDA) to waive their 10-day rule to file for replacement Food Stamps has been approved. Food stamp recipients now have until August 18 to request help. The Governor also issued a public service announcement warning citizens of carbon monoxide poisoning due to running generators without proper ventilation.

State Emergency Management Agency (SEMA) continues to operate the State Emergency Operations Center (SEOC) at a Level-1 activation. Hours of operation have been reduced to 7am-6pm on Thursday. SEMA will return to normal operations on Friday, and through the weekend, although personnel staffing a Joint Field Office (JFO) will be working this weekend. A joint FEMA/State Joint Field Office (JFO) has been established at: 13397 Lakefront Drive, Earth City, MO 63045 SEMA has also dispatched personnel to serve as representatives on Joint SEMA-FEMA Preliminary Damage Assessment teams. Mr. Nichols asked all jurisdictions to please call on SEMA for any issues they may still have outstanding and none were raised.

Briefings for city, county and state officials on the PA application process will be held as follows:

The briefings for local officials in Dent County will be 1 p.m., August 3, at the City Administration Building, 400 North Iron, Salem.

The briefings for local officials in Iron County will be 10 a.m., August 4 at the County Courthouse Commission Office, 250 South Main, Ironton.

The briefings for local officials in Jefferson County will be 10 a.m., August 4 at the County Courthouse Commission Assembly Room, 729 Maple, Hillsboro.

The briefings for local officials in St. Charles County will be 10 a.m., August 2 at the St Charles City Police Dept Community Room, 1781 Zumbuhl Rd., St Charles.

The briefings for local officials in Washington County will be 1 p. m., August 3 at the County Courthouse Commission Chamber, 102 North Missouri, Potosi.

The State Agencies Briefing will be 10 a.m., August 8 at SEMA SEOC, Jefferson City.

The Missouri National Guard (MONG) has 179 soldiers on duty performing State Emergency Duty (SED). Most personnel are working in the metro area delivering food and water, and performing debris removal activities.

Missouri State Highway Patrol (MSHP) is augmenting law enforcement efforts in Washington County. On Wednesday, the patrol flew an assessment team over Washington County to determine locations of citizens who may still need help.

Office of Administration (OA) has also been coordinating delivery of food, water, ice, and generators since the storm moved through the area last week.

Department of Health & Senior Services (DHSS) has distributed a press release on food safety. DHSS reports more than 100 nurses and nursing assistants have responded to the public service announcement aired over the weekend. DHSS is working with Ameren to restore power to elderly care facilities that were identified on Monday. Only 1 nursing home remains without power.

Missouri Department of Transportation (MoDOT) is reviewing a request from St Louis County to provide debris removal assistance in the affected area. Otherwise, state highways in the metro area are near normal. MoDOT has also been reviewing requests for overdimension shipments (i.e. overweight/oversize) on an expedited basis.

Missouri Department of Insurance (MDI) is providing a consumer information hotline for people to call with questions on their insurance policies. The number is 800-726-7390 and is staffed from 8am-5pm on weekdays.

Department of Labor & Industrial Relations (DOLIR), Division of Employment Security is providing a 30-day extension for 2nd quarter contribution and wage reports. Companies who lost power in St Louis, Dent, Iron, Jefferson, St. Charles, or Washington Counties or in the City of St. Louis will not be assessed penalties if the report and request for extension is received by August 31. Contact DOLIR at 573-751-3441 for more information.

Department of Mental Health (DMH) has a toll-free number (1-800-364-9687) for shelters and agencies to provide to anyone who may need assistance.

Department of Natural Resources (DNR) is working with local officials on providing guidance for disposal of spoiled food items. DNR has received notice that water samples provided by the City of Potosi have tested negative for bacteria. DNR has issued a debris waste waiver for yard waste.

Department of Social Services (DSS) continued to report lighter traffic at their Family Services offices in the St Louis area on **Monday**. DSS has also coordinated deliveries of water to St Louis City and deliveries of water and MREs to Washington County. DSS continues to work on mass care requests for affected jurisdictions.

Federal Actions

Federal Emergency Management Agency (FEMA) is operating a Joint Field Office (JFO) in St Louis County, **at 13397 Lakefront Drive, Earth City, MO 63045. The FCO, (Federal Coordinating Officer) and DCO (Defense Coordinating Officer),** along with SEMA staff are working together at this location.

Other State Agency and Volunteer Agency Actions

The Salvation Army (TSA) is operating a feeding center capable of producing 35,000 hot meals per day. Those meals are being distributed to sites throughout the metro area. American Red Cross (ARC), Southern Baptist, and numerous volunteer agencies continue to work with affected households across the area. Americorps teams are becoming operational to help with volunteer support coordination, and assist special needs populations with debris removal and other activities.

Weather

National Weather Service – Is **continuing** their Excessive Heat Watch to an Excessive Heat Warning for St Louis City, St Louis County and St Charles County. The upgrade takes effect Noon on Saturday July 29, 2006 and runs through **7:00pm on Wednesday August 2, 2006. A break in the heat is anticipated for this Thursday, where temperatures will return to normal for the season, in the low 90's. There is a potential for severe thunderstorms due to the cold front passing through the area on Thursday. All other areas in the region remain in a watch status.**

Point of Contact:

SEMA Duty Officer after hours (Starting at 4:30 pm) number is 573-751-2748. During normal duty hours calls should be made to 573-526-9100.
